*Place-.L.P Jagdale School
Malad East

DONATIONS- This project was a
extremely eye opener project for each and
every person..This project was executed
by a 12 Yr girl Amayra whose grandmother
is a IWC member Renu Malhotra. The

recent fire at the goregoan slums bought great distress to Amayra and she decided to help all the school kids with all the supplies they required. It was a great project as the kids managed to collect items worth 2 lakhs for the project. The kids were really happy to receive their goody pack from her and her mother Reshma .
